SOURCES OF WEALTH

Promising New Products For Planting in Hawaiian Soil.

There was to be seen to-day on the desk of Mr. Jos. Marsden, Commissioner of Agriculture, specimens of the fibre of Sansoveria Zeylanica, grown at the Government nursery, and rope made from the same fibre by hand by a Japanese laborer at the nursery. It appears to be a superb cordage fibre.

Mr. Marsden said the Sansoveria was suited for moist, rich soil such as coffee planting required, and its cultivation could go hand in hand with that product. Sisal, however, is the coming fibre plant for these islands, the Commissioner says, as it will grow on the most arid and barren wastes that can be found.

Indeed, if his language was put down literally, it would make the reader believe that sisal would grow on a tin roof or the top of a Fischer steel range.

Mr. Marsden has on view a lot of tobacco leaf, in which the curing process is not completed. It is from Sumatra seed grown at the Government nursery. The flavor judging by the scent is excellent. Although this tobacco is most suitable for wrappers, yet the Commissioner has had cigars made from it which are now drying. He says it is the best cigar wrapper in the world, and if it can be properly grown and cured here, will bring from \$3.50 to \$4.50 a pound in the United States.

DISTRICT COURT MATTERS

Convictions for Opium, Gross Cheat and Gambling.

Ah Wing was found guilty of having opium unlawfully in possession in the District Court yesterday and sentenced to pay a fine of \$60.

Paul Stewart, for violating passport laws, was remanded till Jan. 6. Naibe appeared for trial this morning to answer to a charge of gross cheat in Honolulu on Nov. 15, in that he sold with intent to defraud a Chinaman, a horse for \$10.

It appears that Naibe found a horse straying about the streets and took it home. No one claiming ownership of the animal, Naibe went about trying to find a purchaser. He found one in the Chinaman, who proceeded against him in the aforementioned suit. The horse turned out to belong to J. K. Kaiakawaha. Naibe was sentenced to twenty days' imprisonment at hard labor.

Kamakua pleaded guilty to having che fa tickets in his possession and was sentenced to pay a fine of \$15.

Lantern Entertainment

Last evening an instructive and enjoyable time was had by the children of the St. Andrew's Sunday school and St. Peter's Chinese school, together with the girls of St. Andrew's Priory and the pupils of Iolani College in the large school-room adjoining the Cathedral, which was fairly filled.

The audience was treated to views on the screen of the great cities of the world, a tour of India, Dickens' Christmas story of Gabriel Grub, a trip to the Arctic regions and pictures of the ever fresh fairy tales so dear to juveniles.

Bishop and Mrs. Willis and the Sisters of the Priory were present, together with quite a number of the children's parents.

Rev. V. H. Kiteak gave an instructive description of the pictures, while Mr. D. M. Crowley operated the double lanterns.

CHAMBER OF COMMERCE

Canadian-Australian Cable Recommended for Aid.

There was a meeting of the Chamber of Commerce at 10:30 o'clock this morning to hear the report of a committee consisting of Messrs. T. H. Davies, C. M. Cooke and H. F. Glade, appointed at a meeting held on Dec. 4, to confer with Hon. McKenzie Bowell, Minister of Trade and Commerce of Canada, on the advisability of the islands having closer relations with the Dominion of Canada.

The committee recommended urging the Government to promote such relations by aiding a trans-Pacific cable company in connecting the two countries. They also recommended that a delegation be sent from here to a convention to be held in Canada the early part of this year.

The report was adopted unanimously, and it was recommended that copies of the report be sent to Mr. Bowell and the Hawaiian Minister of Foreign Affairs.

Mr. M. Hyman secured the privilege under the head of new business to make a motion to the effect that the Chamber of Commerce, through its secretary, communicate with the P. G. Councils, and urge them to appoint a suitable man as appraiser at the Custom House, thoroughly conversant with the value of merchandise. The speaker stated he felt it was the duty of the Chamber of Commerce to urge the appointment of a competent man to the situation. Such a man was a great necessity at this port.

After a short discussion the resolution was adopted and the secretary so instructed. There being no other business an adjournment was made.

The following members were present: F. A. Schaefer, Vice-President; J. B. Atherton, Secretary; T. H. Davies, C. M. Cooke, H. F. Glade, M. Hyman, H. A. Wideman, J. A. Hopper, J. G. Spencer and W. W. Hall.

The sum of \$1,906.80 had been borrowed from the ladies' fund.

After reading of the report, the election of trustees to serve for the next three years came up. The following gentlemen were elected as trustees: W. W. Hall, W. G. Irwin, B. F. Dillingham, A. S. Cleghorn, H. F. Glade and T. May.

The officers of the board were also elected and resulted as follows: C. R. Bishop, president; F. A. Schaefer, secretary; J. H. Paty, treasurer. Executive committee: J. B. Atherton, C. M. Cooke and A. S. Cleghorn.

Rush-Hare Wedding

At one o'clock this afternoon, Lieut. W. R. Rush, late of the U. S. S. Boston, and Miss Jane Hare were united in marriage at St. Andrew's Cathedral by the Rev. Alex. Mackintosh. The church was filled in every part by an audience including leading society people and officers of the U. S. S. ships Philadelphia and Adams. As the bride entered the Cathedral leaning on the arm of her father, the choir of the Second Congregation sang the hymn, "The voice that breathed o'er Eden." The voice that breathed o'er Eden. Major McLeod and S. G. Wilder were the ushers. Miss Bessie Reynolds was maid of honor, and Paymaster McDonald, best man. Soft music was played on the organ throughout the ceremony by Mr. Wray, Taylor, and Mendelssohn's inspiring Wedding March as the newly married couple left the Cathedral. Lieut. and Mrs. Rush left on the S. S. City of Peking on their bridal tour, which will include a visit to Eastern cities and extend for about two months.

The P. G. band plays at the Hawaiian Hotel this evening for the benefit of guests leaving on the S. S. Australia to-morrow.

Bishop Willis left on the steamer Kaula this afternoon for Maui, Maui.

Hood's Cures

Made Over Anew

Chronic Headache Cured—Weak Lungs Made Strong and Well.

"For years I had sick headaches every day, and I also had very weak lungs. Since I have been taking Hood's Sarsaparilla, I have been entirely cured of headaches, and my lungs are strong and well. Friends often say I am strong and well. Friends often say I am strong and well. Friends often say I am strong and well."

How Well You're Looking. I tell them it is due to Hood's Sarsaparilla. I am small in stature—never weighed over 100 pounds before taking Hood's Sarsaparilla, and at the time I began taking it I had run down to 85 pounds, but now I weigh 115 lbs. My friends thought I would be dead long ago, but I am perfectly well. I am unable to express my thanks for the good Hood's Sarsaparilla has done me."

Hood's Sarsaparilla has done me. Mrs. C. B. CORD, 1215 Adeline Street, Oakland, California.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.

Business dead? Not much! Leastwise it is not so with the California Feed Company. We have made a business for ourselves, which has steadily grown through all the hard times other people are complaining about. We have just secured from Mr. J. F. Colburn his old stand, corner Queen and Nuuanu streets, and taken possession of those large and convenient premises. We had to do so, because our old place at Lele is too small for our fast-increasing business. In a few days the bark "Mauna Ala" will be here again with her fourth full cargo of Hay and Grain, bought by our Mr. J. N. Wright who will arrive on that vessel. We prefer to select our merchandise ourselves rather than have others do it, which means that we get better goods at a less price. We thank our many friends for their liberal patronage for the past three years, and hope by strict attention to a business we thoroughly understand to merit the patronage of as many more.

National Cane Shredder

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR THESE SHREDDERS AND ARE NOW PREPARED TO RECEIVE ORDERS.

THE SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juices without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them.

Prices and further particulars may be had by applying to
